

# STAS SAMOZVAN

## FRONTEND DEVELOPER

With **1.8 years** of experience in web development, I have successfully crafted various websites. I built an e-commerce website from scratch in just 20 days, optimizing it for search engines using semantic tags to improve search visibility. I am always eager to learn new technologies, enhance my skills, and grow as a developer. My passion for creating efficient, user-friendly websites drives me to continuously seek out opportunities for professional development and innovation in web design.
